RAILROADS ARE AGAIN BLOCKED BY HEAVY SNOW

As Garfield Suspension Order Comes to Close Transportation is Clogged

LITTLE CHANCE OF RELIEF IS FORESEEN

Fuel and Railroad Men In Conference to Determine Best Course

By Robert J. Binder
Washington, Jan. 22.—Heavy snows along the eastern seaboard today dealt a staggering blow to the National railroad.

With the Garfield industrial suspension order at an end tonight transportation throughout the country east of the Mississippi was hopelessly clogged with no chance to dig itself out in the face of further trying weather.

Conference between the fuel and railroad administration officers were held today to determine upon the next step. Director-General McAdoo last night vetoed the plan to place an embargo on all freight shipments except coal despite its recommendation by the war conference board. The Pennsylvania, however, put a voluntary embargo into effect with the sanction of Director Alfred H. Smith of the eastern division. Other roads are expected to do likewise.

A general embargo is still held a necessity by fuel administration officials. An extension of the five day suspension—or a new order later this week inaugurating another period of suspension—is admittedly being considered. Drastic curtailment of passenger traffic also is under advisement.

Today a heavy blanket of snow carpeted the east. More than five inches had fallen in this vicinity up to eight o'clock this morning and it was still coming down. All traffic was at a standstill. Trains were blocked all along the lines.

Extremely low temperatures throughout New England, New York, Pennsylvania and other eastern states has left piles of freight unmoved. Trains have been frozen in, cars delayed by snow and ice, and switch yards are unable to work at anything like full capacity.

Pennsylvania suffered with temperatures as low as 31 degrees below zero, Northern New York 20 below, Ohio 15 degrees below, West Virginia five degrees below and New England nine degrees below. Rapid freight movement was impossible in the last 24 hours under these conditions. Effects of the five day suspension period did not begin to show until Saturday when drop in the temperature set in and retarded all efforts to hustle cars through.

Some relief will be obtained by the continuance of the priority regulations issued by Dr. Garfield when he promulgated his fuel order designation that coal must first be supplied to domestic consumers, public utilities and ships before being given to other needs.

Director Smith reported today that all transportation had been slowed up by severe weather. Some hope was seen in Smith's report that movement of fuel eastward from Chicago had improved and that empties were being speeded back to the mines in large numbers.

CHAS. B. COOK TO BE SPEAKER

LANSING MAN IS ADDED TO LIST OF ABLE MEN WHO WILL ADDRESS INSTITUTE

Charles B. Cook of Lansing is another who has been secured for the one day farmers' institute to be held Wednesday at the Masonic Temple. Miss Ida Thumm will sing; George Preston will give a recitation and the Birviga Orchestra which is coming to the front as one of the new musical organizations, will play. All interested in the program are invited to bring a contribution for a pot luck dinner and to come and enjoy the proceedings of the day.

GIRLS LOSE CLOTHING IN FIRE AT AUGUSTUS HOME MONDAY AFTERNOON

Miss Margaret McGrath and Miss Viola Robbins of Laurium, lost all of their clothing in the Augustus fire Monday afternoon. Miss Georgiana Pratt of Concord lost a part of her clothing. All three are Normal girls.

HAIG ON WAY TO BASE OF SUBMARINES

So Says Major Beith In Illustrated Lecture At Ann Arbor Monday

DECLARES ALLIES HAVE SUPREMACY OF THE AIR

Urges Americans at Home To Refuse to Be Misled by German Propaganda

Over one hundred Ypsilantians heard the interesting lecture on the progress of the war by Major Ian Hay Beith at Ann Arbor last night. Major Beith intensely in earnest, and simple and graphic in style, devoted himself to clearing away the German spread stories of the "down and out" condition of the Allies and proved by pictures, many of them taken from aeroplanes, and statistics how completely the balance has swung in favor of the Allies the past summer.

The German tradition of invincibility broken by the battle of the Somme, of which he told at length, has been utterly smashed this year by the destruction of three Hindenburg lines, the Allies have gained almost complete control of the air on the western front, thus making possible the great gains by the troops. Not only in territory have the Allies gained but they have control of the heights that dominate the rest of Belgium and France still occupied by the foe.

Germany has been put on the defensive, and if she makes an attack, it is at tremendous loss. Haig will soon reach the German submarine bases on the Belgian coast. The decrease in the loss by submarines he showed was due to immense increase, greatest in December, of the destruction of the submarines. In Arabia and Palestine the Allies have won notable territory and all of Germany's colonial possessions have been lost.

The thing for Americans at home to do is to refuse to be misled by German propaganda of dissensions along the Allies, which do not exist, or stories of disaster, especially at sea, which are also false. Also the tales of tremendous losses of men. Medical surgery is so wonderful in this war that 90 to 98 per cent of the wounded men who are not immediately fatally wounded, recover.

Major Beith spoke glowingly of the Americans now at the front and urged the people at home to stand by them, to prepare for a long pull, and not to be misled by German specious lies into concluding an ignoble and merely temporary peace. Russia he said is by no means out of this war, and Germany realizes it, and is hurrying to make a big stroke on the west, while the truce lasts. Major Beith's chief message to America is to stick it out, to speed up production and transportation—the present shortage abroad is caused not by submarines but by railroad congestion in the United States and lack of coal for transports—to be of good courage, to put down German propaganda, and above all to stand back of their splendid men in the service and in every way to help them "Carry On."

AUSTRIANS ARE OPPOSED TO ANY LAND GRABBING

REVOLUTIONARY MOVEMENT IS TO PREVENT PROLONGATION OF WAR FROM SUCH CAUSE

Zurich, Jan. 22.—Austria-Hungary's strikers are now impelled through economic motives in their tie-up of industry, but the "revolutionary" movement is to prevent prolongation of the war through publication of annexationist doctrines by the Teutons.

The Wiener Naustadt, copies of which were received here today, so quotes a speech by the socialist deputy, Renner.

"The principal cause of the revolution," he asserted, "is not diminution of the bread ration, but the workers are firm in their resolution to prevent demands for annexation prolonging the war."

"Advices received today indicated that the strikes had existed through Pilsen, Brunn, Reichenberg, Brunn, Linz and other towns in Bohemia and Moravia.

One report here was that the Austrian cabinet had resigned.

RUSS OBJECT TO LANDING OF THE JAPANESE SHIPS

Formal Protest of Municipal Council of Vladivostok Is Filed

SAY ACTION IMPAIRS RUSSIAN SOVEREIGNTY

New American Ruling Gives Rise to New Sensation, Germans In Russia

By Ralph Turner
Tokio, Jan. 22.—The formal protest of the municipal council of Vladivostok through the Japanese consular against entrance of Japanese warships in that harbor without consent was received here today. The protest asserts such action "impairs Russia's sovereignty, as well as the friendship between Russia and Japan."

A mild sensation was aroused here by the new American ruling refusing passports to aliens en route to America. Yokohama is now full of travelers of all nations including many Russian immigrants, awaiting passage to America.

George A. Jones, vice president of the Standard Commercial Tobacco company of New York, arrived in Yokohama today enroute to the United States. He said when he left Petrograd on December 18, German owned shops were opened in the city and the uniform of German army officers was a common sight on the streets.

NO PORK HERE ON SATURDAY

CITY FOOD ADMINISTRATOR RECEIVES OFFICIAL NOTICE TO HAVE NEW RULING ENFORCED

City Food Administrator George M. Gaudy, has received official notice from the county administrator to enforce here the new provision for porkless Saturdays.

Following is the notice:

Saturday to Be Porkless
"You are advised that the United States Food Administration has now decreed that, in addition to the meatless Tuesday, there shall be a porkless Saturday, on which day no pork in any form is to be served."

"The Administration has further decreed that on other days than Tuesday there shall be at least one meatless meal."

"You should give this matter all the publicity possible in newspapers and otherwise. We are sending this new ruling to all hotels and restaurants."

"Very respectfully,
"A. D. GROVES,
"Food administrator for Washington County."

MAKING MEATLESS DAYS PERMANENT.

In the meatless menu there is a fertile field for developing new and nourishing dishes, according to E. H. Niles, writing in the Hotel Gazette, who believes that the present shortage of meat and fats will not end with the coming of peace, but may grow more acute and continue for five or six years, thus making it worth while to develop menus of grain, vegetables and fish on a more or less permanent basis. Meat can be replaced by cereals and other protein foods, or may be served in very small portions as a flavoring for other food. In making up meatless menus this author finds our American Creole and southern cuisine a broad field for investigation.

MRS. CURTIS IS KILLED IN WEST

YPSILANTI RESIDENT RUN DOWN BY MOTORCYCLE IN SAN FRANCISCO SUNDAY

Mrs. A. H. Curtis, mother of Mrs. C. C. Edwards was struck by a motorcycle in San Francisco, Cal., on Sunday morning and instantly killed according to a telegram received here Monday.

Mrs. Curtis left Ypsilanti only a short time ago for her western visit.

FUNERAL SERVICES FOR LATE J. AMMERMAN HELD MONDAY
Funeral services for the late James Ammerman were held Monday.

Major Vincent, Co-creator of Famous Liberty Motor

Major J. C. Vincent shares with Major Hall the distinction of creating the famous Liberty Motor that is expected to prove an important factor in winning the war for Uncle Sam.

GAS PLANT EARNS CITY GOOD SUM DURING YEAR

Auditors Report Net Gain Of More Than Twenty-one Thousand Dollars

IMPROVEMENTS AMOUNT TO TWENTY THOUSAND

Sinking Fund and Surplus Amount to Forty-seven Thousand Dollars

Report of the City Gas Department for the year ending September 1, 1917 was submitted by the city board of public works for approval of the council at their meeting Monday evening.

With a surplus and sinking fund amounting to \$47,603.40 a net gain for the year of \$21,623.09 is shown. Improvements made during the year amount to \$20,409.30. Current assets total \$25,493.21. Total liabilities including outstanding bonds are \$179,344.94.

The complete report will appear with the council proceedings, having been ordered published upon motion of Ald. Paton.

U.S. HOLDS MONEY, MANY SUFFERING

FAMILIES OF MEN IN CAMP ARE IN WANT ON ACCOUNT OF RED TAPE OF GOVERNMENT

Camp Custer, Battle Creek, Jan. 22.—On account of the enormous amount of work involved at Washington in issuing vouchers to families of men in camp, many reports have been made of want and suffering. One man whose exemption claims were said to have been ignored has a wife and three children trying to live on \$15 a month, half of his monthly pay assigned them not yet having been sent out from Washington.

Other similar cases are reported and Major General Parker is endeavoring to find some means of temporary relief. His request for authority to take steps in this direction has not yet been granted.

THE WEATHER

Lower Michigan—Local snows and colder tonight; cold wave northeast portion; Wednesday fair except near Lake Michigan.

Upper Michigan—Local snows and colder tonight; cold wave east and south portions; Wednesday fair except snow near Lake Superior.

CONVENTION IN RUSSIA DELAYED IN MEETING TODAY

Workmen and Soldiers Expected to Form Basis for New Government

SITUATION IS PENDING ARRIVAL OF DELEGATES

Slaying of Former Ministers Declared Work of Bolshevik Fanatics

Petrograd, Jan. 22.—The All-Russian convention of workmen and soldiers soviets, which is presumably to form the future government of Russia, now that the constituent assembly is dissolved, was delayed in its meeting today. Not all delegates have arrived and until the complete membership is here the situation will mark time.

Foreign Minister Trotsky and other members of the Russian peace delegation were expected this week from Brest-Litovsk. It was asserted today that Trotsky would address another appeal to the allies outlining the progress made at Brest-Litovsk and urging them again to join in general peace negotiations.

The murder of former ministers Kokoshkin and Shingareff was officially announced today as the work of Bolshevik fanatics, who were stirred to a frenzy by appeals of a number of members of the Baltic fleet, just arrived, that they take the fate of those opposing them into their own hands.

SNOW MUST BE CLEANED FROM THE SIDEWALKS

ALDERMEN IN SESSION MONDAY EVENING DEBATE BEST METHOD OF CHARGING COST

The question of cleaning city walks of snow afforded some discussion in the council Monday evening. Alderman Worden introduced a resolution providing for cleaning walks at the expense of each ward. Ald. Paton preferred to have the matter left optional with the alderman of each ward as to whether the expense should be born by the property owner where cleaning is done or borne by the ward. His substitute motion to that effect was carried.

Ald. Elliott felt that the attention of the public should be directed to the city ordinance providing for the removal of snow from walks and introduced a resolution providing for such steps.

A question of excess taxation was brought up by Charles Hindley. He stated that valuation of his property had been reduced \$1500 since the summer tax and asked that the amount paid on the extra assessment be remitted. The question was referred to the ways and means committee for report at the next meeting.

Upon report of the city engineer that the property for which Vern Batterson asks exemption from paving tax is 7 1/2 feet on the street. It was recommended by Ald. Elliott that the question of remitting tax be referred to the ways and means committee for further investigation and report at the next meeting.

Bill for loss by fire, when fumigating candles are said to have started blaze in the Shannahan home, was laid over till the next meeting of the council after motions to refer it back to the health board and to the ways and means committee had been lost.

FORMER YPSILANTI WOMAN SUMMONED

Death Takes Mrs. A. Culver, Mother Of Miss Harriet Culver In Ludington

Word has been received of the death of at her home in Ludington of Mrs. A. Culver, who resided in Ypsilanti a few years ago while her granddaughter was a student in the Cleary College. Mrs. Culver leaves two children, Miss Harriet Culver of the Detroit Free Press, formerly a teacher in the Ypsilanti high school, and Wilmer Culver, who is partner of J. S. Stearns in many enterprises and widely known in the state.

CREAMERY ASSOCIATION ENJOYS PROFITABLE YEAR, BIG SUM PAID FOR MILK
The Ypsilanti Creamery company has paid out during the past year to patrons for milk the sum of \$108,000.

WILSON STARTS FIGHT TO CONTROL CONGRESS

GERMANY HOPES TO CURB UNREST IN AUSTRIA

Iron Domination Plus Political Re-organization Seems Sure of Results

SITUATION NOT YET NEAR STATE OF COLLAPSE

Counsel Against the Building Of False Hopes In This Country

By Carl D. Groat
Washington, Jan. 22.—Germany's iron domination plus political re-organization within Austria will stem for a time the growing politico-economic unrest there, government authorities believed today. They warned that while the internal problem of Germany and Austria as reflected by the best available official reports, is grave, there is yet no reason to feel that collapse is at hand. For this reason they counseled against the building of false hopes within this country that sheer physical and economic exhaustion will halt the Teuton just now.

Government officials, however, waiting eagerly for the long delayed, but still expected statement of Germany in response to Premier Lloyd George and President Wilson. This, they think, will be the most accurate barometer thus far as to the Teuton internal problem.

"April and May will be the worst months the central empires have faced," said a government official. "And, if the peoples of the empires stand for what they will have to stand for then the war ought to go on to a knockout."

Word pictures of the central empires are having this government through official channels, etch a scene of misery and want.

From a Dutchman just back from Germany, the government has this statement:

"The Germany which I saw was a perfect picture of misery which could only arouse feelings of compassion."

To this, is appended a semi-official comment thus:
"Nearly all the concrete statements made in the (Dutchman's) article are amply supported by German evidence and undoubtedly present conditions and future prospects are extremely gloomy and there prevails in Germany a mood of depression which not even the recent military successes in Italy are able to dispel."

Government quarters do not entirely agree with the Dutchman's statement "that it will not be possible for Germany to hold out six months longer without the majority of the civil population being completely broken down morally as well as physically."

SAY SLEEPER PLAYS POLITICS

CHARGE IS MADE WHEN HE OUSTS MAN FROM OFFICE WHO HAS BEEN CLEANING BATTLE CREEK

Camp Custer, Battle Creek, Jan. 22.—Charges of playing politics are being brought against Gov. Sleeper for removal from office of W. T. Hulscher of the state dairy and food department who has been cleaning up Battle Creek restaurants for the soldiers. The dismissal suspends one of the most important branches of camp work.

It was through Hulscher that employees of restaurants suffering from venereal diseases were found and unspeakable conditions in kitchens reported and such places closed as result of the findings for protection of the soldiers.

He was preparing to continue the work when dismissed.

If Sleeper's new appointment is not satisfactory to the army officers they will appoint one who is in his place.

Old feeling due to the Sleeper-Leand primaries in 1916 is said to be responsible for the governor's action.

CHICAGO GRAIN
Chicago, Jan. 22.—Grain opening: Corn: Jan., no sales; March, unchanged; May down 1-8.
Oats: Jan., no sales; March, unchanged; May down 1-8.

Battles Against Passage of the Chamberlain "War Cabinet" Measure

WOULD RECOGNIZE GOVERNMENT WEAKNESS

Roosevelt Scheduled to Take Up Cudgels For the Government Attack

Washington, Jan. 22.—President Wilson has begun the most spectacular fight of the war for control of congress.

Battling against passage of the Chamberlain "war cabinet" bill—which would amount to congressional recognition of the administration's alleged failure to conduct its war plans properly—the president is faced by almost solid republican opposition added to a few in his own party.

To add zest to the battle, Colonel Theodore Roosevelt was to arrive today to take up the cudgels for the Chamberlain measure. An editorial in the morning papers under his signature, preceded arrival of his snow blocked train. It conveyed his determination to throw his influence against the president.

It insisted upon the passage of the Chamberlain bill "so that we may never again be caught utterly and shamefully unprepared."

All factors in the pending struggle have gone before the people for support. President Wilson, in a statement last night, declared the legislative measures proposed to wrest from him and Secretary Baker direct administration of the war work, had not even been brought to his attention in conference, that they would delay progress rather than hasten it and that Baker's plan of re-organization was based on experience and therefore better.

Senator Chamberlain, in reply, said today that he is willing to abide by the expression of the people.

"It's their war," he declared. Roosevelt, through his writing for months, has been trying to stir popular opinion against the administration's conduct of the war. Today he is prepared to personally enter the lists in an effort to bring about a change.

In the wake of the bitter partisan outbreak in the senate yesterday, Sen. Stone sharply criticized the republicans for injecting politics into their war work and was heatedly answered by Lodge and Penrose for "trying to stop criticism of the president." Party lines were drawn tight today. The appearance of Roosevelt only served to accentuate the bitterness of the democrats—a vast majority of them—at what they believe a concerted plan to discredit the administration previous to the opening of the fall congressional campaigns.

But a few democrats are standing behind Chamberlain in his effort to improve what he believes to be a faulty situation in the war department.

These, with the virtual solid republican strength, will make the fight for control of the senate—for or against President Wilson—the most dramatic in its history.

The battle will open when the senate meets tomorrow.

NEW FURNITURE FOR COUNCIL

ALDERMEN, MAYOR AND CITY CLERK HAVE NEW DESKS FOR SESSION MONDAY

Members of the city council and city clerk Damon enjoyed new desks for their meeting Monday evening. Each alderman has a fine individual flat top desk with chair to match, the mayor has a large roll top desk. All are in oak and add materially to the appearance of the council rooms.

FUNERAL IS HELD IN JACKSON MONDAY

Body of Archie Coquillard Will Be Brought to Ypsilanti For Interment

Funeral services for the late Archie Coquillard, Michigan Central engineer and former Ypsilanti resident, were held Monday afternoon at three o'clock from his late residence in Jackson.

Mr. and Mrs. Fred J. Basom, Mr. and Mrs. John Caplin, Mrs. Malvina Coquillard and Lewis Caplin, all of this city are among the number who attended the funeral.

It is planned to bring the body later to Ypsilanti for interment.

HONEY RECIPES

Contributed by Mrs. Floyd Markham who has won prizes for three years on honey baking at the state beekeepers' convention.

Honey Bran Cookies

3 cups bran
1 cup flour (wheat or rye)
2-3 cup sugar
1 cup honey
3 eggs
½ cup milk
½ cup shortening
1 teaspoon baking powder
½ teaspoon soda
Salt

¼ teaspoon cinnamon
¼ teaspoon ginger
Sift dry ingredients.
Drop.
This is a large recipe.

Honey Cake—Loaf or Layer

1 egg
½ cup sugar
1 cup honey
1 cup hot water
2 cups flour (wheat or rye)
1 teaspoon soda
1 teaspoon baking powder
2 tablespoons shortening
½ teaspoon salt
Sift baking powder and soda with flour.

MISS STRAFER ENTERS
ARMY Y SERVICE

Miss Ethel Childs Returns From
California to Take Up Work
In Normal

Miss Elinor Strafer of the Normal College will leave Wednesday for New York for a period of training for Y. M. C. A. work in connection with the Y work at some army cantonment in this country, similar to that which Miss McKenzie will do in France. Miss Ethel Childs, formerly of the Normal college faculty, has returned from Berkeley, Cal., where she was supervisor of the art department, to take Miss Strafer's place until next fall.

NEED BIG HERDS

Europe's Meat Supply Must Come
From America.

Warring Nations Have Depleted Live
Stock at Enormous Rate, Even
Killing Dairy Cattle For Food.

American stock breeders are being asked to conserve their flocks and herds in order to meet Europe's tremendous demands for meats during the war and probably for many years afterward.

The United States food administration reports that American stock raisers have shown a disposition to co-operate with the government in increasing the nation's supply of live stock.

Germany today is probably better supplied with live stock than any other European nation. When the German armies made their big advance into France and then retreated virtually all the cattle in the invaded territory—approximately 1,800,000 head—were driven behind the German lines.

But in England—where 2,400,000 acres of pasture-lands have been turned into grain fields—the cattle herds are decreasing rapidly. One of the reasons apparently is the declining maximum price scale adopted by the English as follows: For September, \$17.76 per 100 pounds; October, \$17.28; November and December, \$16.08; January, \$14.40. The effect of these prices was to drive beef animals on the market as soon as possible.

In France the number of cattle as well as the quality have shown an enormous decline during the war. Where France had 14,807,000 head of cattle in 1913, she now has only 12,341,900, a decrease of 16.6 per cent. And France is today producing only one gallon of milk compared to two and one-half gallons before the war.

Denmark and Holland have been forced to sacrifice dairy herds for beef because of the lack of necessary feed. Close study of the European meat situation has convinced the Food Administration that the future problem of America lies largely in the production of meat producing animals and dairy products rather than in the production of cereals for export when the war will have ceased.

BRITISH GOVERNMENT
HELPS PAY FOR BREAD

There has been much misunderstanding about the bread program in England. It is true that the Englishman buys a loaf of bread for less than an American can, but it is poorer bread, and the British government is paying \$200,000,000 a year toward the cost of it.

All the grain grown in Great Britain is taken over by the government at an arbitrary price and the imported wheat purchased on the markets at the prevailing market price. This is turned over to the mills by the government at a price that allows the adulterated war bread loaf of four pounds to sell at 18 cents, the two pound loaf at 9 cents and the one pound loaf at 5 cents.

In France, under conditions somewhat similar, but with a larger extraction, the four pound loaf sells for 16 cents.

IN FLYING CORPS
OF RESERVES

R. B. JAMES IN LETTER FROM
CAMP SAYS GOOD FORTUNE
HAS BEEN HIS IN MANY
WAYS

The following letter has been received by D. E. South of the Detroit Edison Co. from R. B. James:
"Brooklyn, N. Y.
January 17, 1918.

"My Dear Mr. South:
"Am writing to tell you how I am coming to realize more and more the real value of the practical education I received while with you, and the company. Because of it, and the little college work I had, I have been placed in the Flying Corps of the Naval Reserve force.

I enlisted in New York on Tuesday, Jan. 8th. I tried to enlist in the Naval Reserves in Detroit but enlistment was closed for that branch. Accordingly I came here and I certainly have been repaid for doing so, being exceptionally fortunate in every way. Today or tomorrow I expect to be called to Pensacola Naval Aviation school in Florida. Naturally I am very anxious to get into the work. Already I have bought three splendid books on Aviation Engines and have learned a great deal. Of course this preliminary study is 'on my own,' so to speak, but I'm going into this thing for all there is in it.

"I suppose the company is having a time with the coal difficulty. The suffering here is critical. Yesterday I walked thru the slums and on the Bowery and the suffering, even as I saw it, was utterly unspeakable.

"Altho there is no legitimate right in my doing so I always think of the Detroit Edison company as my company, my employers. This is probably due to the fact that it was my only extended position and I enjoyed it so much. To one in the service

the little white star of the service flag is a satisfying thing and a reward in itself. However, every mistake prepares for the next, and after the war I will be better prepared, psychologically at least, to settle down.

"I hope that Mrs. South is well and that everything in the office is satisfying. I should like to see everyone.

"Thanking you sincerely for past considerations and aid, I remain,
"Very truly,
"R. B. JAMES."

SALESMAN KEEPS CLOSE
TAB ON THE WEATHER

Report of Temperature Is Submitted
By M. G. Wood of This
City

The following communication regarding comparative temperatures during the past few weeks is from M. G. Wood, Normal street:

Has Accurate Record

As a traveling salesman I am working on my forty-first year and have enjoyed such good health during that time that every Monday morning without exception have been able to pack my grip and leave home for my work on the "trail"—during the last ten years I have kept a close tab on weather temperature, taking it from any reliable instrument in the town where I chanced to be at six o'clock in the morning—my hotel call invariably being five thirty—I will give your readers my record from Dec. 9, 1917 to Jan. 19, 1918. Here it is: Thirteen mornings registered zero and below, the average being four below for the 13. The average temperature of the 29 other mornings being 18 above. Can you beat it?

Have lived practically 39 years at the corner of Pearl and Normal streets and know quite a few people in Ypsilanti.

RAID EAST OF YPRES REPULSED

London, Jan. 22.—Repulse of attempted enemy raid east of Ypres was reported by Field Marshal Haig today.

AMERICAN DEFENSE SOCIETY WARNING

Every German or Austrian in the United States, unless known by years of association to be absolutely loyal, should be treated as a potential spy.

Be on the alert. Keep your eyes and ears open. Take nothing for granted. Energy and alertness may save the life of your son, your husband or your brother.

The enemy is engaged in making war in this country, in transmitting news to Berlin and in spreading peace propaganda as well as lies about the condition and morale of American military forces.

Whenever any suspicious act or disloyal word comes to your notice communicate at once with the police department or with the local office of the Department of Justice.

Police Headquarters—Telephone 187.
Department of Justice—Telephone 563.

LABORERS WILL DEBATE PEACE IN CONFERENCE

Preliminary Meetings Today Assume Appearance of International Gathering

SITUATION OF BRITISH LABOR PARTY AN ISSUE

Special Representatives From Other Countries Invited To Address Delegates

Nottingham, Eng., Jan. 22.—Laborers' annual conference beginning here tomorrow assumed more and more the character of an international gathering of workmen in preliminary meetings today and bulked even larger through certainty that the whole peace question would be debated.

Not only is the conference to consider the situation of the British labor party, but M. Linvovitch of Russia, M. M. Rendaul and Longuet of France and Min. Huysman, Vanderwelt and Broutet of Belgium have been invited and are to address a special meeting tonight.

The action of munitions workers of Glasgow and Woolwich in seeking to force immediate action by the government to open peace negotiations under threat of strikes, seemed today most likely to make this subject the most important of any of those to be considered by the convention.

Nearly a score of different resolutions urging some sort of peace steps have been submitted for adoption by the general party conference and are to be debated by the convention.

SIGNAL CORPS AT CAMP MERRITT

LETTER RECEIVED BY MRS. SCHREPPER SAYS BOYS ARRIVED SAFELY IN EAST AFTER WEEK OF TRAVEL

Mrs. C. G. Schrepper is in receipt of a telegram from her husband, who is a member of the 107th Field Battalion Signal Corps, stating that the local military company had arrived safely at Camp Merritt, New Jersey.

The soldiers left Waco, Texas, Saturday, January 13 and were there for nearly a week en route. The troop train was made up of 17 cars, 11 of the number being sleepers. Four hundred Sammies were aboard the train.

JOE DEVOE ARRESTED FOR MOVING AUTOMOBILE

Warrant Requested by Local Sales Co., Months Ago Is Served After Long Search
Deputy Sheriff Connors has arrested Joe DeVoe for whom he had been looking since September 1, 1916. He was located in Saginaw.

Saturday DeVoe was arraigned before Justice Stadtmiller on a charge of fraudulently removing an automobile that had been purchased upon a contract from the Schrader Motor Sales company. He asked for an examination which was set for January 29.

Being unable to give \$500 bail he was taken to the county jail to await examination.

AN ORDINANCE TO PROVIDE FOR REMOVING SNOW AND ICE FROM SIDEWALKS

The Common Council of the City of Ypsilanti Ordain:
Section 1. All resident owners of, or the occupant of, any lot or premises in the City of Ypsilanti, shall remove or cause to be removed from the sidewalks in front of or adjacent to such lot or premises, before nine o'clock in the forenoon of each day, all snow or ice that may have fallen or accumulated on such walk during the twenty-four hours immediately preceding.

Section 2. Any person violating the preceding section of this ordinance, shall upon conviction, be punished by a fine of five dollars together with the costs of prosecution.

Published by order of the Common Council.

SUMNER DAMON, City Clerk.

KATINKA MUST STAY OUT OF U. S., FINED

Dancer and Other Members of Company Recently in Ann Arbor Held in Canada

According to report today from Canadian authorities Katinka, who recently danced with her company traveling under that same name, in Ann Arbor, has danced her last dance in this country for a time. The manager of the company was arrested in Canada making false statements regarding citizenship of the members of the company.

Arrest was made when U. S. officials refused the company admittance again into the U. S. and a fine of \$600 was imposed.

LOCAL BREVITIES

Russel Seymour has been accepted in the aviation branch of the navy and expects to leave within the next two weeks for Pensacola, Fla., where he will have a four months' course of training.

LOOKING AHEAD TO NEW EXPERIENCES

Cards Received From Elton Miller Reflect Eagerness of Signal Men to Cross

Cards were received in Ypsilanti on Monday from Elton Miller stationed at Bremen, Ga. Mr. Miller is a member of the 107th Field Signal Corps Battalion and was en route for Camp Merritt, New Jersey, where the Ypsilanti boys have since arrived.

Mr. Miller's cards were evidence of a happy and contented frame of mind and he stated he was anxiously looking forward to not only military duties but the sights of countries and cities he would not otherwise have been permitted to see.

MEETING YOU HALF WAY!

When a reader of this newspaper, who plans to buy real estate turns to the real estate ads for facts and light, that reader has traveled half-way on the journey to meet the seller of real estate. If the seller of real estate is "there," with his story of what he has to offer, the reader, if impressed by the story, investigates further. If the property offered is the property wanted, the sale results.

NOSE CLOGGED FROM A COLD OR CATARRH

Apply Cream in Nostrils To Open Up Air Passages.

Al! What relief! Your clogged nostrils open right up, the air passages of your head are clear and you can breathe freely. No more hawking, snuffling, mucous discharge, headache, dryness—no struggling for breath at night, your cold or catarrh is gone.
Don't stay stuffed up! Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, giving you instant relief. Ely's Cream Balm is just what every cold and catarrh sufferer has been seeking. It's just splendid.

For Burning Eczema

Greasy salves and ointments should not be applied if good clear skin is wanted. From any druggist for 35c, or \$1.00 for extra large size, get a bottle of Zemo. When applied as directed it effectively removes eczema, quickly stops itching, and heals skin troubles, also sores, burns, rashes and chafing. It penetrates, cleanses and soothes. Zemo is a clean, dependable and inexpensive, penetrating, antiseptic liquid. Try it, as we believe nothing you have ever used is as effective and satisfying.

BEECHAM'S PILLS
Sold everywhere. In boxes, 10c, 25c.

NORMAL AIDS IN CONSERVATION OF THE FUEL SUPPLY

All Social Activities to be Discontinued During Remaining Cold Weeks

SERIES OF LECTURES ON CONSERVATION PLANNED

Every Student In College Will Be Reached, Basketball Games Continued

The Normal College is trimming all its activities to save coal. President McKenny has announced that all social activities which involve the use of the buildings at night would be discontinued with the exception of parties for which printing had already been done and orchestras engaged. This means that there will be no social functions which involve the use of the buildings at night after Saturday night of this week.

To avoid heating Starkweather hall, the Y. M. C. A. will make arrangements to hold its meetings in one of the city churches which will be heated on Sunday or meetings will be discontinued altogether.

The basketball games will still be held as they are scheduled for seven o'clock and at that time the gymnasium has not cooled from the day's heating, and moreover the gymnasium needs to be kept cool for the sake of the players.

Since the first week of the term the library has not been open evenings.

The college is planning to start a series of lectures on Conservation in its various forms, which will reach every student in college. These lectures will be based on material issued by the Federal Food and Fuel administrations.

HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a bad feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for cod liver oil—were prepared by Dr. Edwards after 17 years of study with his patients. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like cod liver oil—yet have no dangerous after effects.

They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists. Take one or two nightly and note the pleasing results.

DON'T FUSS WITH MUSTARD PLASTERS!

Musterole Works Easier, Quicker and Without the Blister

There's no sense in mixing a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean, white Musterole. Musterole is made of pure oil of mustard and other helpful ingredients, combined in the form of the present white ointment. It takes the place of out-of-date mustard plasters, and will not blister. Musterole usually gives prompt relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds of the chest (it often prevents pneumonia).

30c and 60c jars; hospital size \$2.50.

MUSTEROLE
WILL NOT BLISTER

The Want Ads Are "Brokers-in-General"

To The People of The City

The want ads bring buyer and seller together—sometimes from the remotest corners of the city, sometimes from adjoining blocks. The little ads are brokers-in-general to the people of the city—INITIATING trades, deals, ventures. They find a buyer often as easily as they find a seller. They DO BUSINESS for the people—and at the smallest brokerage expense imaginable sometimes it is too small to reckon in with the transaction.

Clear, Peachy Skin Awaits Anyone Who Drinks Hot Water

Says an inside bath, before breakfast helps us look and feel clean, sweet, fresh.

Sparkling and vivacious—merry, bright, alert—a good, clear skin and a natural, rosy, healthy complexion are assured only by pure blood. If only every man and woman could be induced to adopt the morning inside bath, what a gratifying change would take place. Instead of the thousands of sickly, anaemic-looking men, women and girls, with pasty or muddy complexions; instead of the multitudes of "nervous wrecks," "rundowns," "brain fags" and "peevishness" we should see a virile, optimistic throng of rosy-cheeked people everywhere.

An inside bath is had by drinking each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening, and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of Limestone phosphate at the drug store which will cost but a trifle, but is sufficient to demonstrate the quick and remarkable change in both health and appearance, awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood while the pores in the thirty feet of bowels do.

DON'T DELAY

Some Ypsilanti People Have Learned That Neglect Is Dangerous

The slightest symptom of kidney trouble is far too serious to be overlooked. It's the small, neglected troubles that so often lead to serious kidney ailments. That pain in the "small" of your back; that urinary irregularity; those headaches and dizzy spells; that weak, weary, worn-out feeling, may be nature's warning of kidney weakness. Why risk your life by neglecting these symptoms? Reach the cause of the trouble while there yet is time—begin treating your kidneys at once with a tried and proven kidney remedy. No need to experiment—Doan's Kidney Pills have been successfully used in thousands of cases of kidney trouble for over 50 years. Doan's Kidney Pills are used and recommended throughout the civilized world. Endorsed at home. Read Ypsilanti testimony.

Mrs. H. P. James, N. Prospect St., says: "About ten years ago, I was ailing with kidney complaints. My feet and hands were swollen at times and I suffered from a weak back. A few days after I began using Doan's Kidney Pills, I felt relief. I took nine boxes in all and I have had no further trouble."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs

DELTA PHI GIRLS
HAVE INITIATION

Annual Celebration Held at Masonic Temple, Dancing Party in Evening

The annual initiation and banquet of the Delta Phi occurred Saturday afternoon at the Masonic Temple. The initiates were: Miss Norma Crane, Miss Marjorie Howard, Miss Gladys Hungerford, Miss Maybelle Reid, Miss Ruth Robbins, Miss Marian Thomson and Miss Margaret Wyckoff.

A program of toasts followed the spread with Miss Alice Warner, the president presiding. Those who responded to toasts or gave musical numbers or readings were: Miss Greta Forte, Miss Hazel Forte, Miss Louise Lightbody, Miss Margaret Wyckoff, Mrs. Donelda Campbell Ives, Miss Velda Bogart, Miss Mariel Robbins, Mrs. Arah Farwell Potts, Miss Ruth D. Shea and Miss Adella Jackson.

The patronesses are Mrs. C. O. Hoyt and Mrs. F. R. Gorton and the honorary members Miss Adella Jackson and Miss Lida Clark.

Those who returned for the event were: Miss Hazel Forte, Grosse Pointe; Mrs. Arah Farwell Potts, Detroit; Miss Ruth Shea, Albion; Miss Velda Bogart, Plymouth; Miss Marie Ryan, Detroit; Mrs. Juva Bissett Beeman, Detroit; Miss Gladys Swetland, Detroit; Mrs. Margaret Chestnut Spicer, Detroit; Miss Mabel Weddel, Highland Park, and Miss Helen McBain, Grand Rapids.

A dancing party followed in the evening at the Washtenaw Country club with Mr. and Mrs. C. P. Steimle chaperoning.

SAY COAL AND SUGAR
IS SCARCE IN WEST

W. H. Luellen Writes From Western City, Forced to Abandon Auto

A letter was received on Monday from the family of W. H. Luellen, who recently left Ypsilanti for Topeka, Kas. Mrs. Luellen and children had stopped off in Oelhe, Kas., but Mr. Luellen had gone on to his duties as state manager for the Peoria Life Insurance company at Topeka.

He made the trip from Ypsilanti as far as Peoria in his touring car. The journey was a pleasant one but he was overtaken by the storm at Peoria and the railroad was resorted to for the remainder of the trip.

"Coal and sugar are as scarce here as hens' teeth," they write.

HOSPITAL SUPPLIES
ARE MOST NEEDED

Red Cross Rooms Will Be Kept Open Two Extra Afternoons to Work On Supplies

Owing to the increasing demand for surgical dressings and hospital garments, these two departments of the Ypsilanti Red Cross branch will be kept open two extra afternoons a week. The hours now are on Tuesdays and Fridays, as heretofore, from 10 a. m. until 5 p. m., with Wednesday and Saturday from 2 until 5 in addition. All new workers are urged to come on Wednesday and Saturday in order to prevent unnecessary congestion in the workrooms. This does not mean, however, that anyone will not be welcome all four days.

A new plan has just gone into effect, calling for a certain quota of specified articles from each branch for each month. Ypsilanti's quota for January is 50 newspaper backed pads, 16x24; 50 comfort pillows,

10x12; 5,000 shot bags; a number of gingham bed spreads.

The last lesson in the course of standard dressings, under the instruction of Mrs. Caroline Burr of Ann Arbor, assisted by Mrs. Holbrook, will be given Tuesday, Jan. 22. Eighteen ladies will have completed this course. Some of whom will continue with the special dressings after which those passing the examination will be given instruction cards permitting them to teach. It is planned to form other classes later, as many ladies have already expressed a desire to take the instruction.

Another consignment of surgical dressings was shipped today, including pneumonia jackets, dakum pads and muslin dressings.

LADIES' LIBRARY TO BE OPEN FROM ONE TO SIX O'CLOCK EACH DAY

Until further notice the Ladies' Library will be open from one to six each day.

MRS. PEET TO ADDRESS
LITERARY CLUB WOMEN

Will Discuss "Recent Scientific Discoveries," at Meeting to be Held Wednesday

Mrs. B. W. Peet will address members of the Literary Club in their meeting Wednesday afternoon on the subject "Recent Scientific Discoveries."

The program for the afternoon will be directed by Mrs. B. W. Kief. Mrs. Bessie L. Priddy will lead the review of current events and Miss Alice Lowden has arranged the music.

HARMONIOUS MYSTICS
INITIATE NEW GIRLS

Formal Service and Banquet Held Saturday at the Literary Club House

The Harmonious Mystic Sorority held its annual formal initiation and banquet event, Saturday at the Literary club house, the initiation occurring at 10:30 and the banquet at 1:30 o'clock.

The initiates were: Miss Jane Bunting, Miss Helen Easton, Miss Rachel Ricketts, Miss Frances Nicklos, Miss Adelaide Thompson, Miss Katherine Webber, Miss Ruth Tidey and Miss Evelyn Hammerlund.

A program of toasts followed the spread with Miss Lucile Curtis as toastmistress. Those who responded to toasts were: Mrs. B. L. D'Ooge, Miss Rachel Ricketts, Miss Marian Stanley, Miss Ellen Kishlar and Miss Leona Goodwill. Musical numbers were given by Miss Grace Emery and Miss Ruth Tidey.

Mrs. Carl Lindgren and Mrs. D'Ooge are patronesses.

Weather-Proof Set for Southern Tourists

"Where are you going, my pretty maid?" has become almost a foolish question. All the pretty maids who can manage it, are going along with the matrons, to some winter resort, where they can wear specially designed clothes and be as happy as the day is long, seeing and being seen. The sunny South has other charms than its climate, for the tourist, and the fashion parade is one of them. There are some millions of us who don't go—or who stay only for a brief week or so, but we are keenly interested in the clothes that sojourners in the South are wearing. We know that some of the fads of the winter tourists will become the fashion of the summer girl, and—it is a great show anyway.

Among the lovely new arrivals in smart sets that include hat and bag to match or hat and coat or hat and scarf, there are some weather-proof pieces that herald the dawn of a new day in rainproof garments. They are as dainty and pretty as if made with an eye to look alone, but they are made of rainproof or moisture-proof materials, as rubberized silk or imitation leather. Being moisture-proof is a mere incident in the sum total of their charms; being beautiful is their chief business in life and they bring a price commensurate with their success.

One of the handsomest of the new

matched sets is shown here. It is made of so-called patent leather, a term that describes its appearance only. It is black and shiny but it is also thin and pliable as silk.

The hat is faced with chiffon taffeta in light sand color with a hint of pink in it, and bound with narrow black, grosgrain ribbon. A band of this ribbon is laid about the base of the crown and tied in a little bow at the front. The designer might have stopped her with the assurance that she had made a satisfactory rainproof hat. But this hat is made to smile in the face of the rain and thank the weatherman for sending it. It is gay with beautifully embroidered flowers, cut out from some Chinese or Japanese garment and applied to the crown. They are in many soft colors done with the incomparable fineness and deftness of those Oriental needlewomen.

The bag is cut in the shape of a tall basket with a handle that slips over the arm. It will carry the knitting with which women of fashion occupy themselves, and other things that have become necessities of life to her. It has an array of embroidered flowers and butterflies that will repay study, applied to one side of it.

Mr. Hoover asks you to save butter, lard, suet. Mazola is a pure, vegetable oil for deep frying, sautéing, shortening—wonderfully economical.

MAZOLA

With the Nation-wide movement to save animal fats the housewife is confronted with a serious problem—if she would continue to serve fried foods.

Thousands of American homes have found the answer in Mazola, the pure cooking and salad oil from corn.

Because Mazola is a vegetable oil—and because a thorough test on the part of housewives has proven that Mazola is more practical, more economical than the old cooking mediums.

It makes fried foods digestible—and the great big factor for economy in Mazola is that it can be used over and over again—does not transmit taste or odor from one food to another.

A recent demonstration showed that the same tinful of Mazola could be used eighteen successive times for deep frying! Mazola is fine for salad dressings, too.

Get Mazola from your grocer in pint, quart, half-gallon or gallon tins. The large sizes give greatest economy. Also ask for the free Mazola Book of Recipes—or write us direct.

Your money refunded if Mazola does not give entire satisfaction.
